EARTH CHARTER SONG

CHORUS:
New spirit moves around the world at speed of light
   We're ready, changes coming mind and heart
One world ................ all beings are connected
One world ............... too long you've been neglected
One world ............... in need of restoration
One life .................. a thread through all creation

Verse 1
The world is full of wonders ............... 
   Earth gives everything we need 
   Earth gives everything we need 
   Sweet water and the pure clean air 
   Rich soil grows the food we share 
   That's right! Let nature guide the way.

Verse 2
Each one, man, woman, child 
Each one, man, woman, child 
   Not poverty but dignity 
   Equality, security 
   That's right! Let justice be the way.

CHORUS

Verse 3
The world is full of wonders ............... 
   Violence is not the way 
   Violence is not the way 
   We will talk about solutions 
   And we'll work for resolutions 
   Yes that's right! In peace we'll find the way

CHORUS
